

wash lotion based on unique moisturising agents, mild surfactants and octenidine

octenisan™ wash lotion

Our plus - Your benefits

- Free from artificial colors & perfumes
- Suitable for body wash/ hair wash/ showering
- Tested as per European standards (EN) for its efficacy

Applications

- For germicidal whole body washing (including hair washing and showering) that is gentle to the skin
- Suitable for all skin types, even skin that is sensitive to soap or susceptible to allergies
- For mild and gentle, germicidal washing of patients prior to surgery
- Washing amputation stumps as well as support for infection prevention and avoidance of relapses and secondary infections
- Especially suitable for use on Intensive Care Units (ICU)

Direction for use

When washing patients apply octenisan™ wash lotion undiluted to a damp facecloth and rub evenly on the appropriate parts of the body (exposure time 1 min.) and rinse off. When showering or washing hair octenisan™ wash lotion should be used like commercially available products.
